PROFILE SUMMARY

I am an experienced developer with a strong passion for technology and its potential to drive growth and change. Driven by curiosity, I constantly seek to learn and explore new technologies. I am an active open-source contributor who thrives in collaborative environments and values teamwork. I maintain an active professional profile on LinkedIn, sharing insights and engaging with the tech community.

EDUCATION

COLLEGE OF ENGINEERING
KARUNAGAPPALLY

- Bachelor of Computer Science
- 2027 graduate

WORK EXPERIENCE

Xyvin Technologies

(Jun 2024 - Sep)

Software Developer Intern (Hybrid)

- Contributed to front-end and back-end development, focusing on building scalable and interactive web applications using Next.js, React.js, and Tailwind CSS for modern and responsive design.
- Gained hands-on experience in real-world projects, improving my skills in both front-end frameworks and back-end technologies.

CodeWay Solutions

Web Development Intern (Remote)

Jan 2024

- Worked remotely in a web development role, gaining practical experience in front-end development with HTML, CSS, and JavaScript.
- Developed foundational skills in building responsive and user-friendly websites, contributing to project tasks and enhancing my knowledge of core web technologies.

Co-Lead

Aug 2024 - Present

TinkerHub Ceknpy (Volunteer)

- Organized and facilitated workshops, hackathons, and other events that encouraged practical learning and skill-building.
- Led tech initiatives and coordinated community programs to inspire students and young professionals in tech.
